**CRAVINGS CURBED!**

“ I drink one glass in the morning for breakfast and it keeps me from starving until lunch and if I’m working late. I have another one for dinner and I’m good to go. I have the chocolate flavor and I mix it with hot water. Tastes like a good cup of hot chocolate.”

**SUCH AN EASY DIET SNACK!**

“I love the chocolate flavor. It is absolutely delicious! I take scoops of it with me in a snack bag and just add to a bottle of water when I find myself needing a snack.”

**FLAVORS EXCELLENT WITH NO SOY AFTERTASTE!**

“I always try the SECURE Soy drink mixes when Andrew comes out with a new formulation. This time the formulation delivers rich taste without the aftertaste...The vanilla and chocolate taste excellent as I expected they would, but the coffee blows your mind how much like coffee it tastes...The powders mix up in water instantly! Great job!”

**NO DEPRIVATION OR WEAKNESS!**

“This product is amazing. I started the program in January of 2007 and I have lost over 40 pounds. The best part is that I feel great and not deprived, weak or run down. They all taste great but my favorite is coffee. Please do not ever stop making this product, the best I have tried so far!”
